Introducing Our New Printers

Designed for Healthcare by the Patient ID Experts

PDC Patient ID Solutions allow providers to accurately match each patient to the correct medical record, medications, specimens, and procedures at every stage of care with a single solution that includes wristbands, labels—and now 3 printers.

- Mix and match thermal printers, wristbands, and labels offer you more choices
- Reliable performance validated by thousands of hours of testing to meet the 24/7 demands of Healthcare
- Product guarantees to ensure 100% customer satisfaction

Patient ID Solutions That Work as Hard as You Do

+ **NEW** Direct Thermal Printers
+ Patient ID Wristbands
+ Medical Labels

Improve the Accuracy of Patient Identification

Wrong-patient errors occur in nearly all stages of treatment and preventable medical errors are the 3rd leading cause of death.

Every patient, procedure, and provider rely upon effective identification. That's why PDC is passionate about developing leading patient ID solutions that help providers reduce errors and improve workflow.

Why Hospitals Choose PDC

- Over 60 years of patient identification expertise
- Broadest portfolio of Healthcare ID products and customization capabilities
- Dedicated sales and technical service teams for quick access to expert support
- Superior quality backed by ISO-compliant processes and rigorous lab testing
